

NATURE CLUB

VISION

“To Create Green Environment to make the Globe Clean”

MISSION

The protection of the environment should be the primary concern of the Nature Club.

Policy

The nature club has introduced to generate awareness among students about the current environmental issues. Nature club teaches students to love their mother nature and conserve the resources in it. Due to various anthropogenic activities, the environment has subjected to irreparable damages. If we do not take immediate measures to preserve and rescue the nature, it will have a reverse and negative impact upon us. The environment and the resources are to be protected at any cost. The protection of the environment should be the primary concern of the nature club.

OBJECTIVES

- ❖ To empower and educate students about the importance of environmental conservation and to create awareness about major environmental problems.
- ❖ To inculcate Love for Nature in the minds of college youth.
- ❖ To be aware of the concept of ecological balance through environmental education programmes.
