Policy for Consultancy

The College plans to explore the expertise of the faculty and utilize the resource available with them whenever they are in demand by the external agencies/ organizations/institutes or local society. The consultancy may be of monitory or honorary basis. The consultancy not only encourages the revenue generation of the faculty, it also brings our Institution in the limelight.

Department need to identify their areas of expertise and render their service to the external agencies either on monitory or honorary basis.

Consultant need to obtain prior permission (On Duty) from the Principal well in advance, without compromise of their routine work.

The College also recognizes and encourages the staff to get themselves in consultation services, apart from the Institution as a whole. In case of monitory benefit, it is grouped into three categories such as,

- a) Involvement of Institution – 100% to the management
- b) Involvement of the Department - 50% to the Department and 50% to the management
- c) Involvement of the Individual – 80% to the Individual and 20% to the management (for which appropriate receipt will be provided)

Outcome of the Consultancy in the College: The campus would be with full of resource persons, and also gets more chances of collaboration with industries, would enhance our revenue. There are scopes to get our students get placed in these collaborative agencies.
